

# New car park handling system with more comfort

We're modernising our car park handling system so that catching your train or bus at the central will be even more convenient.

In service September 2021

## FOUR EASY STEPS

### Drive in

On entry your licence plate will be scanned and your parking session begins automatically.

### Stay

Enjoy your day without having to worry about your parking ticket.

### Pay

Quick and easy by card at the pay machine or up to 48 h after your parking session via autopay.io.

### Drive out

A camera at the exit scans your licence plate again and terminates your parking session.

Your licence plate will be automatically deleted 7 days after you have paid for your parking session

## DIE VORTEILE

### Barrierless

no more waiting at the barriers or the ticket machine

### Ticketless

you just need to remember your licence plate

### Environment friendly

Saves emissions and waste

### Comfortable

pay cashless at the car park or online from home

### Easy

no app or registration required.

## FEES valid from 01. September 2021
